Joaquin P.L.G. Cook, Bank of Guam President and Chief Executive Officer stated, “Bank of Guam has a tradition of escalating our efforts to support our community in times of their greatest need, and this deferment program is no different. We appreciate that our community is anxious about our loved ones, our jobs and our future; and we have listened to you.”

He went on to say, “We continue to do what we can to help all of us through this time. Please continue to be responsible and do what you can to prevent the spread of COVID-19. Our branches remain open at a limited capacity, and I urge you to come in only if absolutely necessary. We are doing this blanket deferment so that we can take extra steps to ensure the safety of our employees and our community, and minimize in-person interaction. These are uncharted waters and we will get through difficult times together.”
